Homework Four

Due Friday, October 11th, 2002, at 5:00pm.

Your task

Do problems 7, 8, and 26 from pages 198–200 of Brookshear.

For some of these problems, you will need to write a left arrow to represent assignment; we recommend using a less than sign and hyphen, like this: `x <- x + 1`.

Submitting your solution

Write up an email message containing your full name and the answer to these problems in plain text format (this means no HTML or Microsoft word documents), and send it to `aspnes+110-02-4@cs.yale.edu`. (Note: this is **not** the same email address as for previous homework.)
