Homework #1

![Graph showing the relationship between #Lines of Code and #Hours Reported. The graph displays a scatter plot with data points representing the number of lines of code and the corresponding hours reported. The x-axis represents #Lines of Code ranging from 300 to 800, and the y-axis represents #Hours Reported ranging from 20 to 70. The data points are scattered across the graph, indicating a trend but not a strict correlation.]
